The analysts principally responsible for the preparation of BCP research receive compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (including overall investment banking revenues), client feedback and competitive factors. The compensation of BCP analysts is not linked to specific investment banking or capital markets transactions by BCP. Analysts employed by non-U.S. affiliates may not be registered with FINRA, may not be associated persons of BCP, and may not be subject to FINRA regulations regarding research related activities.

BCP research is based on public information. BCP makes every effort to use reliable, comprehensive information, but makes no representation that the information is accurate or complete. Facts and views presented in BCP research have not been reviewed by, and may not reflect information known to, professionals in other BCP business areas, including investment banking personnel. BCP analysts may interact with sales and trading desk personnel in connection with their research, including to ascertain pricing and liquidity in the fixed income markets.

Brazil: This report is distributed in Brazil by BCP Securities Brazil (RJ) in accordance with applicable regulations. No approval is required for publication or distribution of this report in Brazil. The views expressed above accurately reflect personal views of the authors about the subject companies and their securities. The compensation of the equity research analyst(s) is indirectly affected by revenues deriving from the business and financial transactions of BCP. Where a Brazil based analyst has taken part in the preparation of this research report, the Brazil based analyst whose name appears first assumes primary responsibility for its content from a Brazilian regulatory perspective and for its compliance with CVM Instruction 483.
